IS-G300

WiFi and GSM (3G/4G)
Smart Alarm System Kit

iSecus IS-G300 is a full featured wireless smart alarm system kit that supports WiFi, 3G/4G. It can place calls and send texts nofitifation through a Sim card or WiFi.

The alarm hub adopts 2.4TFT touch screen with a user-friendly interface to quickly and easily configure the system. It can support 99 wireless alarm zones, 3 wired alarm zones, 10 RFID tags and 10 remote tags. This allows you to have a wide range of monitoring on your home, office or factory.

By default, Tuya app (Android & iOS) is recommended which can realize linkage function with other Tuya smart home items. Besides, IS-G300 is also compatible with Google Sssistant and Amazon Alexax to realize voice control.

Specifications

Hub (1pc)
Power Supply: Micro USB 110/220VAC to 5V, 1000mA
Backup Battery: 3.7V, 500mAh Rechargeable Lithium Battery
Consumption: <55mA@normal
Siren Output: <500mA
Radio Frequency: 433Mhz
GSM: 850/900/1800/1900MHz
Wi-Fi: IEEE802.11b/g/n
Operation Temperature: -10~55℃

Remote Controller (2pcs)
Power Supply: DC 3V (CR2025 Lithium Battery x1)
Standby Current: <5uA
Alarm Current: <15mA
Transmitting Distance: <80m (Open Area and No Interference)
Radio Frequency: 433Mhz
Operation Temperature: -10~55℃

Door/Window Sensor (1pc)
Power Supply: DC 3V (CR2032 Lithium Battery x1)
Standby Current: <8uA
Alarm Current: <15mA
Transmitting Distance: <80m (Open Area/No Interference)
Radio Frequency: 433Mhz
Operation Temperature: -10~55℃

PIR Motion Sensor (1pc)
Power Supply: 1.5V AA Battery x3
Standby Current: <15uA
Alarm Current: <25mA
Detection Scope: <12m/110°
Transmitting Distance: <80m (Open Area and No Interference)
Radio Frequency: 433Mhz
Operation Temperature: -10~55℃

RFID Tag (2pcs)
Chip: 4100/4200
Frequency: 125KHz
Read Distance: <2cm

Wireless Siren (1pc)
Power Supply: Micro USB 110/220VAC to 5V, 1000mA
Backup Battery: 3.7V, 300mAh Rechargeable Lithium Battery
Standby Current: <15mA
Alarm Current: <230mA
Volume: 100dB
Radio Frequency: 433Mhz
Operation Temperature: -10~55℃
