

K9 Pro Automatic Temperature Measurement & Disinfection Machine

Safer without contact

Temperature measurement

Automatic dispensing

Multi-language switching

Alarm Function

High precision

3 installation methods

Automatic temperature measurement and disinfection Effectively avoid cross infection

Align the temperature measuring probe and the liquid outlet with the palm of your hand to detect the temperature and automatically sterilize the liquid

Extremely fast temperature measurement

Infrared sensor

Adjustable extrusion volume

Automatic alarm function

When the measured body temperature exceeds the preset alarm temperature, the device will issue an alarm to remind the surrounding people

Support voice broadcast in five languages

K9 Pro thermometer, with built-in voice broadcast in five languages, fully adaptable to different countries

Sensitivity sensor

Accurate measurement, fast and efficient, stronger environmental adaptability

Large-capacity disinfectant used longer

1000ML large amount of disinfectant solution, effectively inhibit bacteria, the inhibition rate is as high as 99.9%

Effectively take care of you and your family's health

°C/°F

Temperature unit can be selected

Switch easily

Self-developed core motherboard chip

High-performance, low-power self-developed motherboard greatly improves product stability and operating capability

The inner core is more powerful

K9 Pro

Smart power saving & auto wake up

K9 has intelligent power saving and automatic wake-up function, which can save more resources

Low energy consumption, more economical

Visualization design of disinfectant

The side adopts a transparent design to visualize the use of disinfectant, and add liquid at any time according to the use

Exploded view

Concise appearance design

Technical Data

Technical Data

Accuracy	1+/-0.2°C (34~45°C, put it in the operating environment for 30 minutes before use)		
Alarm type	Flashing + bleeping "DIDIDI "	Power supply	USB or 4 AA batteries
Measuring distance	5cm~10cm	Product power	5W
LED display	Number	Liquid type	Spray
Alarm temperature	Adjustable	Advantages <ul style="list-style-type: none">• Automatic induction no-clean disinfection soap dispenser, more convenient to use• Large digital display, high-definition display• High-precision sensor, stable and reliable performance• With intelligent point saving and automatic wake-up function• Available in five languages: Chinese, English, Portuguese, Spanish, and Korean• Large-capacity soap liquid, longer life cycle	
Bottle Capacity	1000mL		
Mounting Type	Place on the desktop, Wall-hanging, Tripod-fixed		
Working Temperature	10°C~40°C (15°C~35°C Recommended)		
Measuring range	0~50°C		
Standby time	5s for non-working, dynamic loop with white dot		
Dimension	119x133x280mm		
Net weight	952g
